October 6, 2009 – Artistic Aluminum

I have lived in SW Florida for 42 years. I have been in the Aluminum Construction Industry for 23 years. I have been in business in SW Florida for 13 yrs as Artistic Aluminum Construction Inc. in the Ft. Myers and Cape Coral Area. I have done new Construction Residential Homes – as much as 2,000 homes a year. The building industry in this area has hit rock bottom as we went from the fastest growing area in the country to the most stagnant in the country. People are going out of business everywhere around me and friends are losing their homes and jobs.

I had never had a reason to advertise on the internet, but I knew I had to do something or my business was going to go under. I needed something to propel me through the dog days of summer. I purchased an ad campaign from AdzZoo for 3 months at \$179.95 a month. I got a site for clients to see and within 2 days of the purchase my ad was on the front page of a Google search. I received 4 phone calls and sold 3 of those jobs.

I can honestly say that AdzZoo kept my dream alive of being a business owner, even in these rough times. In 3 months, I have taken 16 calls directly from my AdzZoo ad and have closed the deal on 11 jobs ADDING UP TO OVER \$30,000 IN SALES! AdzZoo saved my business, and kept my dream alive.

September 16, 2009 – Festa & Ingenito, L.L.C.

As a partner in a well established full service law firm we are always looking for ways to attract new business in this highly competitive market. When I was approached with the AdzZoo online campaign idea I was immediately interested and after performing some due diligence we signed on for an "area campaign."

Within days of signing up, our website was on the first page of Google with the primary keywords selected for us by AdzZoo experts. Amazingly we have signed up two new cases as a direct result of the internet presence created for us by AdzZoo within days of appearing. The service and efficiency has been outstanding and I look forward to continuing our business relationship. Thank you, AdzZoo.

September 25, 2009 – Independent Insurance Counselors

I wanted to thank you again for the terrific job that AdzZoo has done for my insurance agency. Your personal attention to our account is greatly appreciated. When you first told me that you would get me first page placement on Google in seventy-two hours, I was skeptical. I was even more skeptical when you told me the price. Fortunately, I chose to give AdzZoo a try. I am a results based businessman.

Thus far, the AdzZoo results have been wonderful. In the first week, my agency: received first class service, achieved first page placement on Google and sold four policies due to our AdzZoo campaign. Thanks for contacting me regarding AdzZoo. Keep up the great work!

October 1, 2009 – A-1 Lockservice

When you first approached me with the AdzZoo internet marketing program and told me that you could "guarantee" front page of Google exposure for my Company, I was highly skeptical to say the least. This skepticism comes from having spent money previously with four companies that promised me the same thing and not one of them was able to accomplish what they promised. Money is too hard to come by these days to just keep taking chances, but when you produced a written guarantee offered by AdzZoo and you told me they have had a 100% success rate of getting their clients on the front page of Google, I decided to take one more chance.

Let me just say, I am very impressed by the results. In less than a week of signing with AdzZoo, my listing was showing up on the front page of Google. I don't know how AdzZoo does it, but my ad is on the front page every day. The Landing Page that AdzZoo designed for my company provides very good representation. My phone is ringing; I'm getting new customers that have found me on Google. I can't ask for more than that!

AdzZoo has performed in every way in which you told me they would, and I'll have to say they have exceeded my personal expectations. I highly recommend AdzZoo and would say to anyone that is giving this concept consideration, give it a try, AdzZoo does what they say they will do.

August 11, 2009 – Brooklyn, NY, Car Dealer

I just bought an online ad last week from AdzZoo and I am very happy. I own 4 car dealerships in the Brooklyn area. We do a lot of traditional advertising where we spend 30-40 thousand dollars per month. I have done some online advertising with another company with no results, so I was hesitant when my brother called and told me about AdzZoo and their guarantee of being on the first page of Google. The price points were so good and he was my brother, so I took out an ad for my new program we just introduced Credit for Wheels.

My website went live just 7 days ago and I started the AdzZoo ad campaign just 6 days ago and the only advertising I am doing to the site is AdzZoo.

This week already I have received 6 contracts on my desk and closed a \$9,000 deal just 30 mins. ago from this ad. I will be stepping up my advertising even more now with AdzZoo. Looking forward to a long relationship.

September 23, 2009 – University Apartment Complex

Dear AdzZoo,

We started our campaign 1 month ago and couldn't be happier with the results. It became obvious immediately that phone calls regarding rentals and leases had increased substantially and just yesterday we received our AdzZoo monthly campaign report from AdzZoo which showed why. My company is showing up consistently # 1 or #2 on search engines when potential clients are looking for apartments in the area. AdzZoo is, without question, the VERY BEST use of our advertising dollar. Just had to let you know how pleased we are with your service.

Sincerely,
Lane

August 11, 2009 - A & J Rolloff, Inc.

Established in early 2007, A & J Rolloff is a small, family-owned operation. As such, each expenditure requires careful consideration – especially those that are marketing related. When I was approached about the services provided by AdzZoo, I was hesitant, to say the least. After weighing our options, we decided to give AdzZoo a shot.

Prior to marketing with AdzZoo, A & J had no website and therefore, no internet presence. However, within 10 days of the start of my AdzZoo campaign, we received 7 phone calls which resulted in 2 jobs. We could not have been more pleased – until, within that same month, we acquired a \$30,000 project, which was also a direct result of our AdzZoo campaign.

A & J consistently receives 2 -3 calls each week and as a result averages 1 -2 new jobs every other week. The results continue to be amazing! One job alone has more than paid for a month of advertising with AdzZoo. AdzZoo has found a customer for life and at this rate is the only advertising medium A & J could ever need!

October 6, 2009 - Chiropractor

I cannot overstate the value of my AdzZoo Internet campaign. It is a wonderfully simple, yet very powerful approach to drive business to my office and web site. This process has helped differentiate our office from others on the Internet and has given us the ability to communicate our unique value to others.

Thanks again AdzZoo!

Sincerely,
Benjamin

July, 2009 – Hair by Finnell (Dunwoody Hair)

After my website was created, I didn't know how to get it out in the public eye until I found adzzoo.com. Before adzzoo.com, I didn't get a single phone call from my website as it was almost invisible amongst all the other websites from other companies. My site is now bumped to the top of the list and is visible for everyone to see. I truly believe the investment was worth every penny and highly recommend adzzoo.com to anyone trying to increase hits and visibility on their website.
